

The Art of Policy Writing

Do you want policies that are more engaging, easier to read, and actually impact your workplace, but don't know where to start? Let our experts lead you through the art of writing policies and make them come to life!

What you will get:

3 **Online** workshops that walk you through:

- The importance of good policy writing
- What a well written policy looks like
- How to write a policy that is meaningful to your operations

2 **Coaching** sessions that explore:

- Ways to bring your policies to life so they are more than just “papers in a binder”
- How to engage your staff and create the workplace “feel” that you are looking for

After this course, you will have:

1. An enhanced understanding of which policies are important in your workplace.
2. An increased ability to identify practices that make policies “come to life”
3. A heightened skill base in determining how to put policies into practice.
